

Kázání MESSAGE

1. Feeding the five thousand was a good lesson for the disciples. They experienced joy as they were a part of the miracle.
2. Life goes on. Jesus is sending the disciples to another situation where they learn a new lesson. The storm is dangerous and Jesus knows about it. He lets it happen.
3. The disciples are in danger but they are suddenly afraid of something else – Jesus walking on the water. It is beyond their understanding.
4. In the middle of the storm, they must learn a new lesson. They need to learn to trust the Lord. The Lord demonstrates his glory and power over the sea as well as the disciples' hearts.
